- **O Street Reconstruction – 5th to 9th Street** This project will reconstruct the existing asphalt paving on O Street in and near Downtown Sanger. In addition to the roadway paving, the project also includes construction of new storm drainage facilities, miscellaneous concrete repair, and construction of ADA-compliant curb ramps at the intersections. The project is projected to commence in early April and last through June. Motorists and pedestrians should be aware of the ongoing construction and prepare for some minor delays associated with construction zone traffic control.
